APTT GROUP OF COMPANIES offers:

Services

- ✓ Design of various systems and structures made of aluminum, stainless steel, ferrous metal
- ✓ Installation of the translucent facades, hinged ventilated facades, and facade systems, decorative elements and engineering systems and structures
- ✓ Design and manufacture of the decorative and functional elements
- ✓ Supply of a wide range of alloys. Formation of warehouse client stocks
- ✓ Milling, manufacturing of cassettes, fastening systems, cutting, chopping of sheet and roll materials

Production

- ✓ Production of the ready aluminum structures (aluminum translucent facades, aluminum windows, doors, aluminum entrance groups, decorative elements)
- ✓ Production of the hinged ventilated facades from composite cassettes, aluminum and stainless steel panels
- ✓ Production of outdoor baskets for air conditioners, enclosing structures: handrails, handrails, corporate elements and fasteners
- ✓ Production and installation of the public transport stop stations, lighting poles, containers for the food industry
- ✓ Production of oak lamella for the production of oak parquet boards

Equipment

- ✓ Laser engraving stations, CNC milling and engraving machines
- ✓ XYZ double-spindle milling machine with sheet vacuum suction
- ✓ Guillotine with hydraulic drive Schechl MSC
- ✓ Longitudinal sawing machines (Germany)
- ✓ Bending line for the profiles from sheet materials Schechl MSC
- ✓ Polymer painting line (MAGIC CENTER ELECTRON)
- ✓ Line for cutting and rewinding tape and foil
- ✓ Equipment for gluing a protective film on sheet materials

- ✓ CSD DRYING KILNS, Termolegno (Italy)
- ✓ Industrial boilers for central heating, type CH 70 Compact
- ✓ ROTOLES 400 D-S calibrating milling planers, Ledinek (Slovenia)
- ✓ Calibrating grinding machine, Viet Italia (Italy)
- ✓ Horizontal log band sawmills, Serra (Germany)
- ✓ DSB Compact thin-cutting band saw machines Wintersteiger (Austria)
- ✓ Hot presses, OMC Machinery (Italy)

RAW AND MATERIALS

✓ Stainless steel

food stainless steel: AISI 304, AISI 321

technical stainless steel: AISI 430, AISI 201, AISI 316

stainless steel sheet, tape, pipe, bar, bends, coils

✓ Rolled aluminum

aluminum sheet (smooth, corrugated, quintet)

aluminum foil, tape, plate, coils, bar, corner

✓ Armox armor steel (SSAB)

✓ Profile systems

aluminum window and door systems

rack and pinion systems

standard and non-standard profiles

elements of fastening and hanging for NPF

protective structures

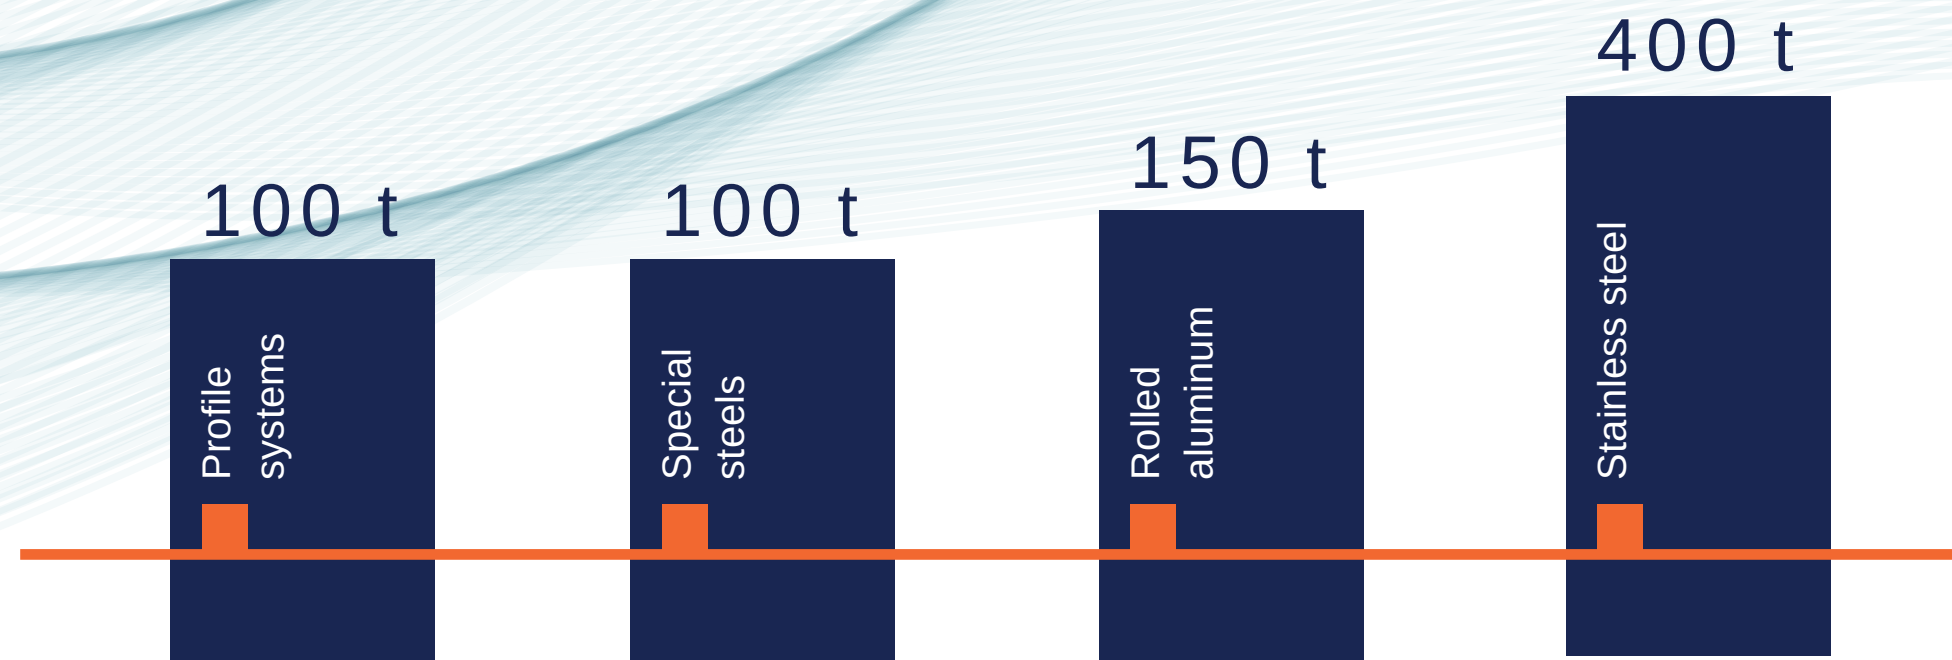

елементи сонцезахисту та безпеки

✓ Cladding materials

composite panels НГ, Г1, Г2, Г3, Г4

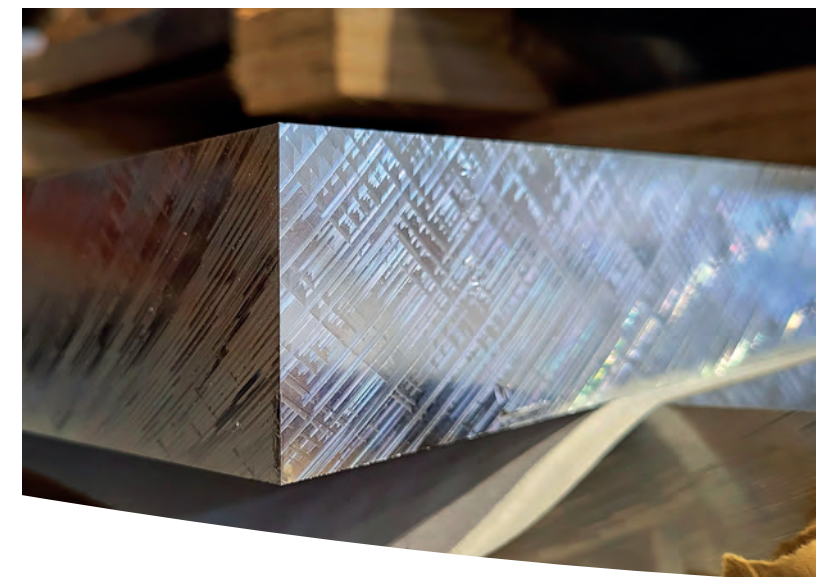

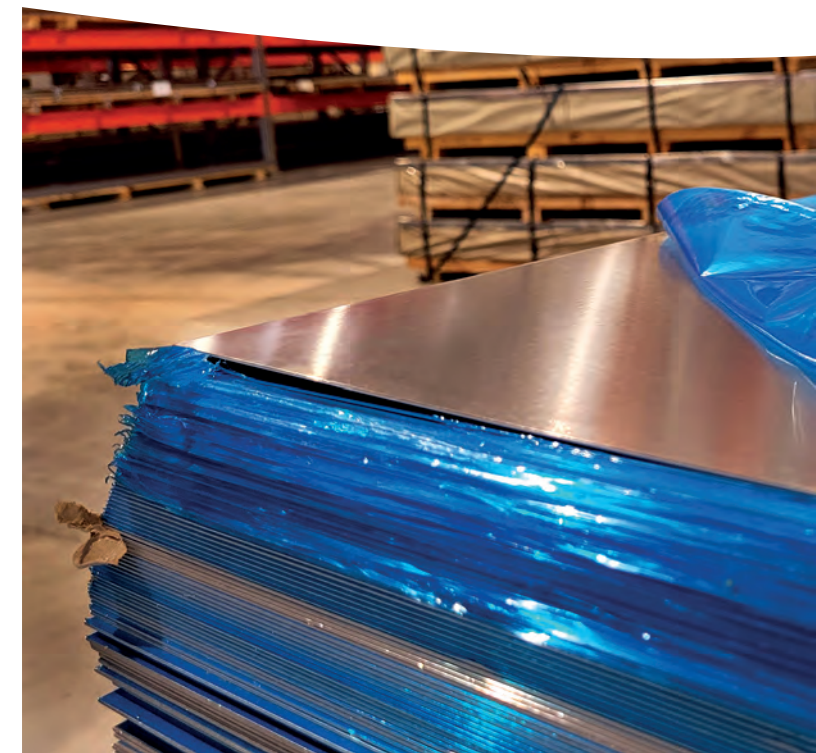

facade aluminum sheet painted

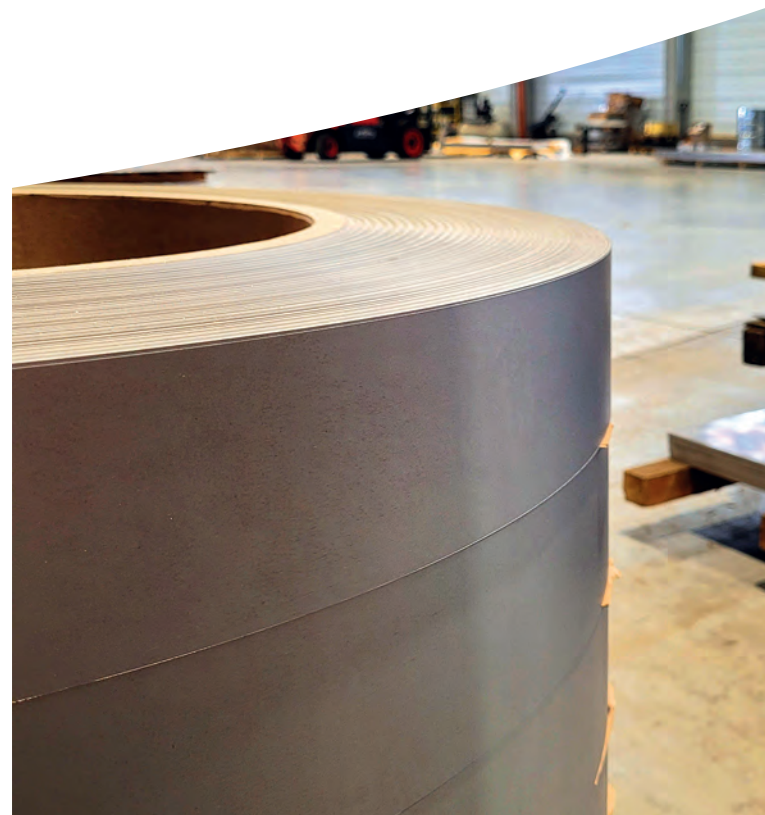

Our volumes per month
